## **Glossary of Terms**

Financial Year: The financial year runs from 1st April to 31st March of the following year

Precept: The Parish Council raises money by a charge on residents. This is the precept and forms part of the residents Council Tax bill. This is calculated by Councils total income minus total expenditure. Should there be a shortfall in this figure then this is the amount the Council will request from NNDC for the precept. The short fall is the amount of money Council needs in order to perform its duties. Unlike other payments from Government this is not capped.
